Information for Investors in Switzerland

The following Sub-Fund is compliant with Swiss law for distribution in Switzerland as follows:

Non-Qualified Investors

Dalton Asia Pacific UCITS Fund

Interested parties in Switzerland may obtain the prospectus, the key investor information documents, the latest annual and semi-annual reports, copies of the Instrument of Incorporation and the statement of purchases and sales free of charge from the registered office of Lafayette UCITS ICAV (the "ICAV") or the local Representative. With effect from 31 March 2021, the appointed Swiss representative changed from ARM Swiss Representatives SA to Waystone Fund Services (Switzerland) SA, Av. Villamont 17, 1005 Lausanne, Switzerland. The issue and the redemption prices of the shares of each Sub-Fund of the ICAV will be published daily on the electronic platform www.fundinfo.com. In respect of the shares distributed in or from Switzerland, the place of performance and jurisdiction is at the registered office of the Swiss representative.

Information for Investors in Germany

In Germany, the prospectus, the key investor information document, the Instrument of Incorporation, the annual and semi-annual reports, a list of changes in the composition of the portfolios as well as the issue and redemption prices are available free of charge pursuant to Sec. 297(1) of the German Capital Investment Code from the office of the German information agent as specified above.

LAFAYETTE UCITS ICAV GENERAL INFORMATION

Lafayette UCITS ICAV (the "ICAV") was authorised in Ireland on 21 December 2018 and commenced operations on 8 April 2019 as an Irish Collective Asset-management Vehicle ("ICAV") with variable capital structured as an umbrella fund with segregated liability between Sub-Funds pursuant to the Irish Collective Asset Management Vehicle Act 2015 and 2020 (the "Act"). It is authorised by the Central Bank of Ireland (the "Central Bank") pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations").

The ICAV is constituted as an umbrella fund insofar as the share capital of the ICAV is divided into different series of shares with each series of shares representing a portfolio of assets which comprises a separate fund (each a "Sub-Fund").

The investment objective and policies for the Sub-Fund will be formulated by the Directors at the time of creation of such Sub-Fund and will be set out in the relevant Supplement (a "Supplement") to the ICAV's Prospectus for the time being in issue ("Prospectus"). A revised Prospectus and Supplement for Dalton Asia Pacific UCITS Fund (the "Sub-Fund") was issued on 19 February 2021.

Investors should note that there can be no guarantee that any Sub-Fund will achieve its investment objective.

The following table details the Sub-Fund that are currently available for subscription:

Sub-Fund Name	Launch Date	Investment Objective
Dalton Asia Pacific UCITS Fund	8 April 2019	The investment objective of the Dalton Asia Pacific UCITS Fund is to seek to achieve an attractive long-term capital appreciation through a diversified portfolio of long and short positions in equity and equity related securities with a primary focus on the Asia Pacific region.

LAFAYETTE UCITS ICAV INVESTMENT MANAGER'S REPORT

Dalton Asia Pacific UCITS Fund –1 January 2022 – 30 June 2022 Performance Review

For the period between 1 January 2022 and ending 30 June 2022, the Dalton Asia Pacific UCITS Fund (the "Sub-Fund") returned -8.66% (net of fees) compared to -9.99% for the MSCI AC Daily TR Net Asia Pacific Index.

The first half of 2022, in particular, the second Quarter of 2022, has been volatile, resulting in one of the sharpest declines since the start of the pandemic. Growing recessionary fears, rising rates, and ongoing concerns surrounding geopolitical and climate change risks have compounded to heighten market fears.

It is no surprise that the most significant attribution to performance during the period arose from the manager's short positions, most notably, the index hedge protection against the NASDAQ, S&P 500 and KOSDAQ Indices. Rising fears of a recession in the US have spurred a wave of negativity across global markets, including Asia. At the end of the month, the net exposure of the Sub-Fund stood at 30%. Unsurprisingly, being under-exposed to the Chinese market also added value to the portfolio. The ongoing regulatory tightening and zero COVID policy within China have served as material headwinds over the past twelve months.

Overall, the Sub-Fund's performance was most negatively affected by select long position from Korea and Taiwan. Meritz Financial (-31%), Samsung Electronics (-26%), and Silergy Corp (-46%) detracted the most from overall performance. Korea has been one of the worst-performing markets in the region over the last quarter, as rising concerns over economic recession or stagflation has driven selling in Korea which is commonly viewed as a cyclical market. In fact, Korea, Taiwan, and Japan have been hit particularly hard during this cycle because their economies rely heavily on commodity imports and a large portion of their GDP is comprised of exports. Oil and gas prices have soared, raising the price of imports, while exports have slowed against the backdrop of moderating consumer demand. This double whammy has fed through to the Korean Won, which is now at its lowest level against the US Dollar since the global financial crisis in 2008.

China remains an area of deep contemplation for our investment team. Following the formation of the Indo-Pacific Economic Framework for Prosperity ("IPEF") in May, the 'Western' allies aim to form an economic block to counter the Chinese influence in the region. As we noted in previous letters, Dalton believes this is a positive for the markets where we historically have found the most compelling owner/operator-led companies, namely Taiwan, Korea, Japan, and India.

The other central area of activity in recent months has been the steady increase of exposure to Japan. As we have noted in recent letters, we are bulls in Japan over the medium-term. The view stems from various factors, including attractive market valuations, a very depressed yen, continuing governance reforms, increased share buybacks and dividend distributions, and lower inflationary risks than in other developed markets.

As long-term focused stock pickers, market volatility is our friend. Indeed, the recent market drawdowns are causing animated discussions within our analyst team, as stock prices (which in many cases had become somewhat frothy, particularly in the high-quality companies that meet our investment criteria) fall below our estimations of intrinsic value. We believe a continuation of this downward pressure may lead to a buying opportunity, which could deliver strong returns over the next 3-5 years. Further, as Dalton tends to target companies with very healthy (often net cash) balance sheets, the years following market collapses have historically proven to be extremely strong periods of performance for our portfolios (both in absolute and relative terms). The experienced owner-operators in which we invest tend to act in a counter-cyclical manner, taking advantage of weakness in peers to make cut-price acquisitions. Through our engagement with portfolio companies, we can also drive value creation by encouraging opportunistic buy backs of company stock.

We thank you for your continued support.

Dalton Investments, Inc.

15 July 2022

As at 30 June 2022 Dalton Asia Pacific UCITS Fund is the only Sub-Fund of the ICAV and therefore the above details of the Sub-Fund are that of the ICAV.

1. BASIS OF PREPARATION

(a) Statement of compliance

The Interim Report and Unaudited Financial Statements of Lafayette UCITS ICAV (the "ICAV") have been prepared in accordance with IAS 34, 'Interim Financial Reporting'. The principal accounting policies applied in the preparation of these condensed Financial Statements are consistent with the accounting policies applied in the preparation of the Audited Financial Statements for the year ended 31 December 2021. The Financial Statements of the ICAV for the year ended 31 December 2021 were prepared in accordance with International Financial Reporting Standards as adopted by the European Union ("IFRS") and interpretations adopted by the International Accounting Standards Board ("IASB"), and with the requirements of the Irish Collective Assetmanagement Vehicles Act 2015 and pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations").

(b) Basis of Measurement

The condensed unaudited interim Financial Statements are not the statutory Financial Statements of the ICAV and are prepared in order to meet regulatory requirements. The statutory Financial Statements of the ICAV are those for the twelve month period ending 31 December of each year.

The condensed unaudited interim Financial Statements have been prepared on a historical cost basis, except for financial instruments classified at fair value through profit or loss which have been measured at fair value. Items included in the ICAV's Financial Statements are measured using the currency of the primary economic environment in which the Sub-Funds operate (the "functional currency"), which is Euro ("EUR" or " \in "). The ICAV has also adopted this functional currency as the presentation currency of the Sub-Fund.

The Financial Statements for the ICAV for the period ending 30 June 2022 have been prepared on a going concern basis.

As at 30 June 2022, there was one active Sub-Fund, Dalton Asia Pacific UCITS Fund (the "Sub-Fund").

(c) Use of estimates and judgements

The preparation of the Financial Statements in conformity with IFRS requires the ICAV and the Sub-Fund to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements are the functional currency disclosed in Note 1(b).

Estimates

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year or in the year of the revision and future years if the revision affects both current and future years.

2. FEES AND EXPENSES

Management Fee

The Sub-Fund will pay Waystone Fund Management (IE) Limited ("the Manager") a management fee which will not exceed

- 0.10% per annum on the first \$150,000,000 of the Net Asset Value of the Sub-Fund
- 0.075% per annum on the next \$150,000,000 of the Net Asset Value of the Sub-Fund
- 0.05% per annum on over \$300,000,000 of the Net Asset Value of the Sub-Fund,
- subject to a minimum fee of €5,000 per month.

The Manager shall also be entitled to be repaid out of the assets of the Sub-Fund for all of its reasonable outof-pocket expenses incurred by the Manager on behalf of the ICAV or the Sub-Fund. The manager fee for the period ended 30 June 2022 was ϵ 65,907 (30 June 2021: ϵ 50,222). As at 30 June 2022 manager fee payable amounted to ϵ 69,250 (31 December 2021: ϵ 14,562).

Investment Management Fee

The ICAV will be subject to an investment management fee in respect of each share class. The amount per annum will not exceed the relevant percentage of the Net Asset Value of the Sub-Fund in the case of the relevant share class as detailed in the table below.

	Dalton Asia Pacific
	UCITS Fund
EUR Class B1	0.75%
EUR Class B2	1.00%
EUR Class P	1.50%
GBP Class P	1.50%
USD Class A	2.50%
USD Class P	1.50%
USD Class B2	1.00%
USD Class B2 UN	1.00%

The investment management fee will be paid by the Sub-Fund to the Investment Manager. The Sub-Fund will also reimburse the Investment Manager out of the assets of the Sub-Fund for reasonable out-of-pocket expenses incurred by the Investment Manager.

The investment management fee for the period ended 30 June 2022 for the Sub-Fund amounted to \notin 677,329 (30 June 2021: \notin 494,653). As at 30 June 2022 the Investment Manager fees payable amounted to \notin 340,043 for the Sub-Fund (31 December 2021: \notin 322,783).

Performance Fee

The Investment Manager is also entitled to receive a performance fee in respect of each share class. The calculation of the performance fee shall be verified by the Depositary as at each Payment Date (as defined below).

The Performance Fee will be deemed to accrue on a daily basis as at each Valuation Point and is normally payable to the Investment Manager on the last Dealing Day in each Calculation Period, or if the relevant class is terminated before the end of a Calculation Period, the Dealing Day on which the final redemption of shares takes place. However, in the case of Shares redeemed during a calculation period, the accrued performance fee in respect of those Shares will be payable within 14 calendar days after the date of redemption.

2. FEES AND EXPENSES (CONTINUED)

Performance Fee (continued)

If the investment management agreement is terminated before the end of any calculation period, the performance fee in respect of the then current calculation periods will be calculated and paid as though the date of termination were the end of the relevant period.

Depending on the share class, the performance fee is calculated using one of two methods common for the Sub-Fund. The first method, often referred to as the equalisation method, is calculated on a share-by-share basis so that each share is charged a performance fee, which equates precisely with that share's performance (the "performance fee"). This method of calculation ensures that:

- (i) any performance fee paid to the Investment Manager is charged only to those shares which have appreciated in value;
- (ii) all holders of shares of the same class have the same amount of capital per share at risk in the subfund; and
- (iii) all shares of the same class have the same Net Asset Value per share.

For each Calculation Period, the Performance Fee will be calculated at the relevant percentage rate shown in the table below for each of the relevant share classes (the "Relevant Percentage") of the appreciation in the Net Asset Value per Share of each such Class during that Calculation Period above the Peak Net Asset Value per Share of that Class.

For each Calculation Period, the performance fee in respect of each class will be equal to the percentage detailed below of the appreciation in the Net Asset Value before deduction for any accrued performance fee per share of each class during that Calculation Period above the Peak Net Asset Value per share of that class. The Peak Net Asset Value per share ("Peak Net Asset Value per Share") is the greater of (i) the initial offer price or a hurdle rate in the case of certain funds and (ii) the highest Net Asset Value per share of the relevant class in effect immediately after the end of the previous Calculation Period in respect of which a performance fee (other than a performance fee redemption, as defined below) was charged.

The second method currently relates to all active share classes and the performance fee will accrue on each Valuation Point and the accrual will be reflected in the Net Asset Value per Share of the relevant share classes.

The performance fee shall be equal to the Relevant Percentage of the amount by which the Net Asset Value of the relevant share classes exceeds the Adjusted Net Asset Value of the class as at the Payment Date, plus any Performance Fee accrued in relation to the class in respect of redemptions during the Calculation Period.

The Adjusted Net Asset Value of a class is the Net Asset Value of the class as at the end of the last Calculation Period after which a Performance Fee was paid increased on each Dealing Day by the value of any subscriptions or reduced pro rata by the value of any redemptions on each Dealing Day dealt over the Calculation Period.

For further information on the method of calculation used for each share class please refer to the Sub-Fund's Supplement.

2. FEES AND EXPENSES (CONTINUED)

Performance Fee (continued)

The table below summarises the performance fee rates that are currently imposed in respect of each share class in the Sub-Fund.

	Dalton Asia Pacific
	UCITS Fund
EUR Class B1	0.00%
EUR Class B2	10.00%
EUR Class P	15.00%
GBP Class P	15.00%
USD Class A	15.00%
USD Class P	15.00%
USD Class B2	10.00%
USD Class B2 UN	10.00%

The performance fee for the period ended 30 June 2022 for the Sub-Fund amounted to \notin 316 (30 June 2021: \notin 953,806). As at 30 June 2022 the performance fees payable amounted to Nil for the Sub-Fund (31 December 2021: \notin 1,214,335).

Administration Fee

The Sub-Fund will be subject to an administration fee in respect of the Sub-Fund in an amount which will not exceed 6.75 basis points (0.0675%) per annum of the Net Asset Value of the relevant Sub-Fund, subject to a minimum annual fee in respect of the Sub-Fund of US\$78,000, plus a fee of US\$5,000 per annum per Sub-Fund for the provision of Financial Statements.

In addition, the Sub-Fund will pay the Administrator transfer agency fees of up to US\$100 per annum per investor and fees for each investor transaction at normal commercial rates.

The Sub-Fund will also reimburse the Administrator out of the assets of the Sub-Fund for reasonable out-ofpocket expenses incurred by the Administrator. The administration fee for the period ended 30 June 2022 amounted to \notin 55,315 (30 June 2021: \notin 46,644) for the Sub-Fund. The administration fee payable for the Sub-Fund at the period ended amounted to \notin 51,646 (31 December 2021: \notin 34,261).

Included in the administration fee for the period in the Statement of Comprehensive Income for the Sub-Fund were reporting fees of $\notin 2,179$ (30 June 2021: $\notin 2,069$) and Transfer Agency fees of $\notin 4,149$ (30 June 2021: $\notin 3,840$). The fees and expenses of the Administrator will accrue on a daily basis and are payable monthly in arrears.

2. FEES AND EXPENSES (CONTINUED)

Depositary Fees

The Sub-Fund will be subject to a depositary fee in respect of the Sub-Fund in an amount which will not exceed 2.25 basis points (0.0225%) per annum of the Net Asset Value of the Sub-Fund, subject to a minimum annual fee in respect of the Sub-Fund of US\$18,000.

The Sub-Fund will also reimburse the Depositary out of the assets of the Sub-Fund for reasonable out-of pocket expenses incurred by the Depositary and for transaction charges, banking and safe custody fees (which will not exceed normal commercial rates) and reasonable out-of-pocket expenses of any sub-custodian appointed by the Depositary. The fees and expenses of the Depositary will accrue on a daily basis and are payable monthly in arrears.

The Depositary fee during the period ended 30 June 2022 was \notin 44,126 (30 June 2021: \notin 35,157) for the Sub-Fund, of the total amount for the Sub-Fund, \notin 28,174 (30 June 2021: \notin 22,237) related to sub-custodian fees and expenses. As at 30 June 2022, the Depositary fee payable amounted to \notin 40,467 (31 December 2021: \notin 24,539) for the Sub-Fund, \notin 29,150 (31 December 2021: \notin 18,991) relates to sub-custodian fees for the Sub-Fund.

Operating Expenses

The Sub-Fund bears its own costs and expenses including, but not limited to, taxes, organisational and offering expenses, administration expenses and other expenses associated with its activities. Where such costs are not directly attributable to a Sub-Fund, the Sub-Fund will bear such costs and expenses in proportion to its net asset values.

Directors' Fees and Expenses

The Directors who held office during the period are listed on page 2. The Directors are entitled to a fee in remuneration for their services at a rate to be determined from time to time by the Directors, but so that the aggregate amount of Directors' remuneration in any one year shall not exceed \notin 50,000 plus VAT, if any, unless otherwise notified to Shareholders in advance. Directors' fees of \notin 9,891 (30 June 2021: \notin 9,074) were incurred for the period ended 30 June 2022, of which \notin 8,704 (31 December 2021: \notin 4,229) was payable at 30 June 2022.

All Directors will be entitled to reimbursement by the ICAV of expenses properly incurred in connection with the business of the ICAV or in the discharge of their duties.

3. OTHER EXPENSES

The following table details the other expenses for the period ended 30 June 2022 and 30 June 2021:

	Dalton Asia Pacific UCITS Fund 30 June 2022	Dalton Asia Pacific UCITS Fund 30 June 2021
	EUR	EUR
Dividend expense on contracts for difference	283,592	284,698
Audit fee	3,565	8,078
Directors' fees	9,891	9,074
Corporate secretarial fees	6,450	6,281
Transaction Costs	185,511	50,443
Professional fees	11,175	12,521
Registration fees	29,069	47,064
Legal fees	20,584	3,506
VAT costs	1,161	1,168
Translation costs	307	(1,250)
Other costs*	18,569	26,335
Total	569,874	447,918

*Other costs include Directors' insurance, Central Bank levies, KIID production fees and MLRO fee.

4. OTHER PAYABLES AND ACCRUED EXPENSES

The following table details other payables and accrued expenses as at 30 June 2022 and 31 December 2021:

	Dalton Asia Pacific UCITS Fund 30 June 2022 EUR	Dalton Asia Pacific UCITS Fund 31 December 2021 EUR
Interest payable	2,732	7,220
Dividends payable	60,121	26,472
Depositary fee payable	40,467	24,539
Audit fee payable	948	9,127
Directors' fees payable	8,704	4,229
Administration fee payable	51,646	34,261
Management fee payable	69,250	14,562

6. FAIR VALUE HIERARCHY

Investments measured and reported at fair value are classified and disclosed in one of the following fair value hierarchy levels based on the significance of the inputs used in measuring its fair value:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the valuation date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are inputs other than quoted prices in active markets included within level 1 that are observable for the asset or liability, either directly or indirectly. Fair value is determined through the use of models or other valuation methodologies utilising such inputs. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active, that is, markets in which there are few transactions for the asset or liability, the prices are not current, or price quotations vary substantially either over time or among market makers, or in which little information is released publicly.
- Inputs other than quoted prices that are observable for the asset or liability (e.g. interest rate and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks and default rates).
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

6. FAIR VALUE HIERARCHY (CONTINUED)

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Sub-Fund's own assumptions about how market participants would be expected to value the asset or liability. Unobservable inputs are developed based on the best information available in the circumstances, other than market data obtained from sources independent of the Sub-Fund and might include the Sub-Fund's own data.

An investment is always categorised as level 1, 2 or 3 in its entirety. In certain cases, the fair value measurement for an investment may use a number of different inputs that fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgement and is specific to the investment.

There were no movements between level 1 and level 2, or between level 2 and level 3 during the period ended 30 June 2022.

There were no investments categorised as level 3 as at 30 June 2022 (31 December 2021: Nil).

All other financial assets and financial liabilities, in which their carrying amount is not measured at fair value, approximate their fair values at the reporting date.

The following table shows an analysis of debt and financial derivative instruments recorded at fair value, between those whose fair value is based on quoted marked prices and those involving valuation techniques where all the model inputs are observable in the market for the period ended 30 June 2022:

Dalton Asia Pacific UCITS Fund	Level 1	Level 2	Level 3	Total

7. FINANCIAL DERIVATIVE INSTRUMENTS AND EFFICIENT PORTFOLIO MANAGEMENT

Subject to the conditions and within the limits from time to time laid down by the Central Bank, and except as otherwise stated in the investment objective and policies of a Sub-Fund, the ICAV on behalf of the Sub-Funds may employ techniques and instruments relating to transferable securities, money market instruments and/or other financial instruments (including Financial Derivative Instruments) in which it invests for efficient portfolio management purposes. Such techniques and instruments include forward currency transactions, swaps and contracts for difference (details of which are outlined below). Details of any additional techniques and instruments used for the Sub-Fund are set out in the relevant Supplement.

Use of such techniques and instruments should be in line with the best interests of shareholders and will generally be made for one or more of the following reasons; (a) the reduction of risk; (b) the reduction of cost; or (c) the generation of additional capital or income for the relevant Sub-Fund with an appropriate level of risk, taking into account the risk profile of the Sub-Fund and the risk diversification rules set out in the Regulations.

In addition, the use of such techniques and instruments must be realised in a cost-effective way and must not result in a change to the investment objective of the Sub-Fund or add substantial supplementary risks not covered in this Prospectus. It is therefore the intention of the ICAV, in employing such Efficient Portfolio Management ("EPM") techniques and instruments for these reasons, that their impact on the performance of the relevant Sub-Fund will be positive.

8. SHARE CAPITAL

The authorised share capital of the ICAV is two (2) redeemable non-participating Shares of no par value and 500,000,000 Shares of no par value. The share capital may be divided into different Classes of Shares with any preferential, deferred or special rights or privileges attached thereto, and from time to time may be varied so far as may be necessary to give effect to any such preference restriction or other term.

Subscriber Shares entitle the holders to attend and vote at general meetings of the ICAV but do not entitle the holders to participate in the profits or assets of the ICAV except for a return of capital on a winding-up. They are disclosed in the Financial Statements by way of this note only.

Redeemable participating shares entitle the holders to attend and vote at general meetings of the ICAV and to participate equally (subject to any differences between fees, charges and expenses applicable to different Classes of Shares) in the profits and assets of the ICAV. This is subject to the terms and conditions set out in the relevant Supplement.

8. SHARE CAPITAL (CONTINUED)

Capital Risk Management

The capital of the Sub-Fund is represented by the net assets attributable to holders of redeemable participating shares. The Investment Manager's objective when managing capital is to safeguard the Sub-Funds' ability to continue as a going concern in order to provide returns for shareholders.

In order to maintain the capital structure, the ICAV's policy is to perform the following:

- Monitor the level of subscriptions and redemptions relative to the assets it expects to be able to liquidate within a timescale which is appropriate to the Sub-Fund.
- Redeem and issue new shares in accordance with the Prospectus, which includes the ability to restrict redemptions and require certain minimum holdings and subscriptions.

The Board of Directors and the Investment Manager monitor capital on the basis of the value of net assets attributable to redeemable participating shareholders.

There are no externally imposed capital restrictions on the ICAV.

The movement in the number of participating redeemable shares during the period ended 30 June 2022 is as follows:

	At 1 January		Shares	At 30 June
Dalton Asia Pacific UCITS Fund	2022	Shares Issued	Redeemed	2022
EUR Class B1	6,378.07	-	-	6,378.07
EUR Class B2	36,637.61	6,933.48	(2,498.15)	41,072.95

USD Class B2 UN*	7,945.24	10,856.90	(83.20)	18,718.94

*Share class hedged during the year.

9. RELATED PARTY TRANSACTIONS

Parties are considered related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

The Manager and the Investment Manager are considered by the Directors to be related parties to the ICAV. The Investment Manager also acts as Distributor of the Sub-Fund's shares. There were no sub-distributor fees paid as at 30 June 2022 (31 December 2021: Nil).

David Armstrong is an employee and Co-founder of Longchamp Asset Management.

Remi Genlot is an employee of Longchamp.

Steven Kramer, Chris Ha, are employees of Dalton Investments LLC.

Craig Mercer is the Chief Research Officer for the Investment Manager and holds 30 (31 December 2021: Nil) shares in the Sub-Fund at 30 June 2022.

Kings Bay Investment Co. Ltd. is a hedge fund operated by Dalton Investments LLC and it holds 753 (31 December 2021:753) shares in the Sub-Fund at 30 June 2022.

The fees earned and the fees payable by the Manager and Investment Manager are set out in Note 3 to the Financial Statements.

The Administrator and the Depositary are also considered by the Directors as connected parties. The related fees are set out in Note 2 to the Financial Statements.

Directors' fees are set out in Note 2.

10. SIGNIFICANT EVENTS DURING THE PERIOD

On 24 February 2022, Russian forces advanced into Ukraine launching a large-scale military invasion. The conflict continues to escalate with devastating implications for the region both politically and economically. In an attempt to deter the Russian advances NATO member countries have imposed severe sanctions on the Russian economy. The effect of these sanctions have led to sharp increases in the price of commodities, assets of Russia's central bank have been frozen, travel restrictions imposed and certain powerful individuals have been targeted for their association to the Kremlin. To date the conflict has not had an impact on the performance of the Sub-Fund. The situation is being closely monitored by the board.

The effects of COVID-19 may continue to adversely affect the global economy, the economies of certain nations and individual issuers, all of which may negatively impact the Sub-Fund's performance.

Remi Genlot (alternate director for David Armstrong) was appointed as director to the ICAV on 29 April 2022.

On 10 June 2022 the Sub-Fund received approval from the Central Bank of Ireland to move from an Article 6 Fund to an Article 8 Fund under the Sustainable Finance Disclosure Regulation ("SFDR").

There were no other significant events during the period ended 30 June 2022 requiring disclosure in these Financial Statements.

11. SIGNIFICANT EVENTS SINCE THE PERIOD END

A new supplement was issued for the Sub-Fund on 2 August 2022.

There have been no other significant events subsequent to the period end date, which, in the opinion of the Directors of the ICAV, may have had a material impact on the Financial Statements for the period ended 30 June 2022.

12. APPROVAL OF FINANCIAL STATEMENTS

The Report and Accounts were approved by the Board of Directors of the ICAV on 24 August 2022.

LAFAYETTE UCITS ICAV SOFT COMMISSIONS

In placing orders with brokers and dealers to make purchases and sales for the Sub-Fund, the Investment Manager will obtain best execution for the Sub-Fund. In determining what constitutes best execution, the Investment Manager may consider factors it deems relevant, including, but not limited to, the breadth of the market in the security, the price of the security, the financial condition and execution capability of the broker or dealer and the reasonableness of the commission, if any, for the specific transaction, on a continuing basis.

When consistent with the objectives of best price and execution, and subject to compliance with any regulatory requirements applicable to the Investment Manager or a Sub-Investment Manager under the Markets in Financial Instruments Directive or equivalent legislation, business may be placed with broker-dealers who furnish investment research or services to the Sub-Investment Manager. The commissions on such brokerage transactions with investment research or services may be higher than another broker might have charged for the same transaction in recognition of the value of research or services provided where permitted.

There were no soft commissions during the period.

LAFAYETTE UCITS ICAV TOTAL EXPENSE RATIOS

The total expense ratio (TER) was calculated based on the version currently applicable of the "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" of the Swiss Funds & Asset Management Association (SFAMA).

The TER is calculated according to the following formula: (total expenses / Annualised Figures)* 100 and has been calculated for the 12 months preceding the close of the annual reporting year, using annualised figures for those Sub-Funds and share classes launched during the year.

Outlined below are total expense ratios of the Sub-Fund for the period ended 30 June 2022 and 30 June 2021:

Dalton Asia Pacific UCITS	Incl. Performance Fee E	xcl. Performance Fee	Incl. Performance Fee	Excl. Performance Fee
Fund	30 June 2022	30 June 2022	30 June 2021	30 June 2021
EUR Class B1	1.16%	1.16%	1.25%	1.25%
EUR Class B2	1.41%	1.41%	1.72%	1.50%

LAFAYETTE UCITS ICAV SECURITIES FINANCING TRANSACTIONS REGULATION DISCLOSURES

The Securities Financing Transactions Regulation (SFTR) requires information to be provided as to the use of securities financing transactions ("SFTs") and Total Return Swaps.

A Securities Financing Transaction is defined in Article 3(11) of the SFTR as:

- A repurchase transaction;
- securities or commodities lending and securities or commodities borrowing;
- a buy-sell back transaction or sell-buy back transaction; or
- a margin lending transaction.

As at 30 June 2022 the ICAV did not hold any types of SFTs.
